

Dongfang Zhao, Ph.D.

Website: <https://hpdic.github.io>

Professional Preparation

Emory University, Atlanta, GA	Computer Science, MS	2008
Illinois Institute of Technology, Chicago, IL	Computer Science, PhD	2015
University of Washington, Seattle, WA	Computer Science, PostDoc	2017

Employment

2018–present	Assistant Professor (tenure-track) of Computer Science, University of Nevada, Reno
2020–present	Lead Developer (part-time), Moka Blox LLC, Davis, CA
2015	Research Intern, IBM Almaden Research Center, San Jose, CA
2014	Research Intern, Argonne National Laboratory, Chicago, IL
2013	Research Intern, Pacific Northwest National Laboratory, Seattle, WA
2009–2011	Software Developer (full-time), Epic Systems Corporation, Madison, WI

Awards and Grants

2022	Federal Research Grant, NSF 2112345, \$255,916, PI at University of Nevada (50% share) “A DLT Machine Learning Platform for Blockchain Warehousing”
2020	Federal Research Grant, DOE SC0020455, \$200,000, PI at University of Nevada (50% share) “HPChain: Energy-Efficient Scalable Blockchains for HPC Systems”
2019	Best Paper Award, International Conference on Cloud Computing “BlockLite: Toward Accurate and Efficient Emulation of Public Blockchains in the Cloud”
2019	Industrial Research Grant, Amazon Web Services, \$30,000
2019	Industrial Research Grant, Google Cloud Platform, \$15,000
2018	Best Student Paper Award, IEEE International Conference on Cloud Computing “Toward Cost-Effective Memory Scaling in Clouds: Symbiosis of Virtual and Physical Memory”
2017	Industrial Research Grant, Microsoft Azure, \$20,000
2017	Industrial Research Grant, Amazon Web Services, \$10,000

Services

2021–present	Review Board	IEEE Transactions on Distributed & Parallel Systems
2022	Program Committee	AAAI Conference on Artificial Intelligence
2022	Grant Review Panel	National Science Foundation: CISE OAC
2022	Grant Review Panel	National Science Foundation: CISE IIS
2019	Organizing Committee	ACM/IFIP International Middleware Conference
2018	Grant Review Panel	U.S. Department of Energy: ASCR
2018	Grant Review Panel	National Science Foundation: CISE IIS

Teaching

CS 705: Cryptography and Blockchain	University of Nevada, Reno	2022–present
CS 791: Distributed Computing	University of Nevada, Reno	2020–present
CS 457: Database Management Systems	University of Nevada, Reno	2018–present

Selected Publications

(**Dongfang Zhao** is the student's *PhD advisor, [†]thesis committee member, or [‡]postdoc collaborator)
